

The Hygienic Food Quality Certification authority in Nepal, which is registered under Nepal corporate Law and Hygienic World/ UHF Certification Council. It's been accredited by most of the Hygienic Food Quality Certification authorities around the World.

After few year of research we founded UHF Certification Council in 2014. Our mission is to protect and improve global human health as well as consumer right and to promote natural, organic, herds and food items from land of hills, mountain and nature to the world. We are also certifying vegetarian, organic, hygienic & Halal.

Second part of our mission is to polish agro-torism and good quality of food and agriculture product to national and international market. Therefore we would like to share our ideas skills events and seminars infront of wolrd.
